**DR. SUSAN
CLINTON**

FEB 22 & 23 2025

IN PERSON

**AT KARMA YOGA IN
GUELPH, ON**

This intimate course will provide clinicians with a comprehensive approach to gastrointestinal disorders including bowel and digestion dysfunction.

Physiological systems contributions to the GI system require a varied intervention approach to optimize function.

A well-rounded understanding of physiology and symptom manifestation can improve the clinician's ability to develop a comprehensive intervention strategy tailored to each patient's needs throughout the episode of care.
